To Whom It May Concern:

RE: **Reference for John Westhaver**

I am pleased to write this letter of reference for John Westhaver, who recently presented at our annual Students Against Drinking and Driving conference in Edmonton, Alberta. The conference's goal is to educate high school students on the effects of drinking and driving and has close to 300 attendees. John was recommended to the organizing committee by several individuals who have been working in this subject area for many years.

John's presentation was motivating, inspiring and, most importantly, made a connection with many of the students in the audience. John's past experiences provide him with the passion to speak confidently to audiences about the dangers of impaired driving in a way that is both compelling and informative. Many of the students commented that they enjoyed John's presentation and would take his message back to their schools.

We hope to see John back at our conference in the future and we would definitely recommend him as a speaker for a similar conference or engagement. We wish John the best of luck with his future endeavors. If you have any further questions, please feel free to contact me at (403) 313-SADD at your convenience.

Sincerely,

Arthur Lee
